CARB Compliance and emissions testing

We hereby confirm that:

**Forest Traffic** is the major spanish importer from Russian mills for Birch Plywood.

**Forest Traffic** imports CARB certified birch plywood from many Russian Plywood Producers, certified under various **Executive Orders**, with classification **CARB Phase I, Phase II and / or ULEF**.

Due to the use of traceability technology through serial numbers for our **Chain of Custody Control FSC**, **Forest Traffic** is able to guarantee the traceability of certified boards CARB (Phase I, Phase II and ULEF) under customers requirement.
